

## ***The Official List of Varieties 2026***

Information om plantenyhedsbeskyttelse og sortslisteregistrering

**MEDDELELSER FRA PLANTENYHEDSNÆVNET**

*The Danish Gazette for Plant Varieties*

## FORORD

Sortslisten omfatter de sorter, der efter afprøvning er optaget på sortsliste og/eller er plantenyhedsbeskyttet pr. 23. marts 2026.

For at imødekomme behovet hos såvel danske som udenlandske læsere er der medtaget 2 indholdsfortegnelser, der adskiller sig ved, at fortegnelsen over arterne er opstillet alfabetisk efter henholdsvis latinsk og dansk navn.

Sorterne er anført i alfabetisk rækkefølge efter sortsnavn.

For hver enkelt sort er angivet forkortelsen på sortsejeren og evt. dennes repræsentant, idet der ved sortsejer her ligeledes forstås vedligeholder og/eller indehaver af plantenyhedsbeskyttelsen. De fuldstændige adresser for de respektive personer og firmaer er anført i den tilhørende adresseliste.

For sorter, der er Plantenyhedsbeskyttet, er angivet dato for registrering samt dato for registreringens ophør. Bemærk venligst: Ved ophør af dansk beskyttelse kan sorten fortsat være omfattet af den europæiske plantenyhedsbeskyttelse (Se [www.cpvo.europa.eu](http://www.cpvo.europa.eu)).

For sorter, der er optaget på sortsliste, er angivet dato for optagelse samt udløbsdato for sortslistegodkendelsen.

### Forkortelse:

<sup>H</sup> = Hybrid

<sup>GM</sup> = Genetically modified variety

<sup>S</sup> = Sorter af grøntsager hvis frø alene kan kontrolleres som "standardfrø" jf. artikel 3, stk. 2 litra b i Rådets direktiv 2002/55/EF af 13. Juni 2002 om handel med grøntsagsfrø.

<sup>B</sup> = Bevaringssort

For sorter markeret med et + efter udløbsdatoen, gælder det, at restbeholdninger kan certificeres og markedsføres i 2,5 år efter udløb af registreringsperioden i henhold til de respektive EU-direktiver. Datoen, der er angivet, er således den sidste dag for anmeldelse af avlsarealer.

Oplysninger om registrering på og slettelse af sortslisten samt godkendelse til og ophør af plantenyhedsbeskyttelse gives løbende i de ordinære numre af "Meddelelser fra Plantenyhedsnævnet", der udkommer månedvis. Heri gives ligeledes oplysninger om anmeldelser, afmeldinger, navneforslag m.v. samt informationer omkring sortsafprøvningen.

Aktuelle opdateringer af sorter på sortslisten og af sorter, der er plantenyhedsbeskyttet kan ses på [Status Sortsliste – Plantenyhedsbeskyttelse database – TystofteFonden](#)

## **Preface**

The official List of Varieties comprises the varieties which after testing are added to the Variety List and/or granted Plant Breeders' Rights as of March 23, 2025.

In order to comply with the needs of Danish as well as of foreign readers there are 2 tables of content differing by the record of species being grouped alphabetically by their Latin and Danish names respectively.

The varieties are stated alphabetically after their variety names.

The abbreviation of the holder of the variety and his agent, if any, is indicated for each variety. By holder is meant maintainer and/or holder of Plant Breeders' Rights. The complete addresses of the respective persons or companies are in the address list.

The date of grants of Plant Breeders' Rights and the date of termination are stated for varieties being protected. Please note: On termination of Danish Plant Variety Protection the variety can still be protected according to the European Plant Variety Protection regulation. (See [www.cpvo.europa.eu](http://www.cpvo.europa.eu).)

For varieties added to The Official List of Varieties are stated the date of addition and the date of expiry of the approval.

## **Abbreviation**

<sup>H</sup> = Hybrid

<sup>GM</sup> = Genetically modified variety

<sup>S</sup> = Varieties of vegetable species where seed only can be verified as standard seed (Article 3, 2 abb. b of the Council Directive 2002/55/EC of 13 June 2002 on the marketing of vegetable seed)

<sup>B</sup> = Conservation variety

For varieties marked with "+" after the expiration date, remaining stocks can be certified and marketed for 2.5 years after the expiration date in accordance with the respective EU directives. The date indicated is thus the last day for the application/notification of multiplication areas.

Information about addition to and deletion from the Variety List and grants and expiry of grants of Plant Breeders' Rights is updated in the general editions of "The Danish Gazette", which are published monthly. These editions also contain information concerning applications, withdrawals, proposed denominations etc.

A frequent update of the National List and of varieties granted Plant Varieties Protection can be seen on [Database for Variety Testing – TystofteFonden](#)

## Indholdsfortegnelse - Contents

Arterne er opstillet efter deres latinske navne
